Carter Miles

Technical Artist

EXPERIENCE

Technical Animator with a bachelor's degree from Savannah College of Art and Design (SCAD) with experience in rigging, modeling and VFX composition for films.

Sept 2025 **3D Character Rigging, 3D Modeler, Lighting**

- June 2026 **"Two Apes Beat Each Other to Death"**

- Worked on a team to produce production ready 3D character rigs while learning new programs in order to help facilitate smooth workflow in the production pipeline.
- Worked closely with other departments in order to make sure that the rigging process was beyond the standard the project required and that there were no issues in working with the rigs.
- Developed models used in production as well as setting lighting for compositing.

June 2025 **3D Character Rigging, Composer**

- Aug 2025 **"Managers not Here Man"**

- Lead The Rigging production of movie Ready 3D characters and ensured that operation was smooth and effective
- Assisted in other departments and maintained a strong level of communication within and around the tech department in order to achieve a smooth operation in production.

Sep 2020 **3D Character Rigging, Composer**

- Dec 2020 **"Knock Your Socks Off"**

- Developed the pipeline to work with 2D animation in a 3D space and have them interact with characters.
- Worked on compositing the 3D characters into the 2D spaces.

EDUCATION
